Real-Time Linux on Freescale iMX515 processor click-here

You can also download the patch imx51rt-2.6.31.12.patch for iMX515 here and try it if you are have an iMX51 3DPDK hardware from Freescale available. You will also need a baseline 2.6.31.12 Linux kernel where you can apply the patch.

Apply the patch and build the kernel with the following instructions:

```
tar fx linux-2.6.31.12.tar.bz2

mkdir output

cd linux-2.6.31.12

bunzip2 -c ../imx51rt-2.6.31.12.patch.bz2 | patch -p1

make O=../output mx51rt-3dpdk_defconfig

make O=../output uImage
```
